Coast Looks For Cowboy Festive Kicks THOUSANDS ROLL TO GREY CUP

WINTRY WEATHER FAILS TO BLOCK BRIDGEWAY

Winter's cold clutch has failed to rob Kelowna of its picturesque attractions, or the

sweeping lines of its mighty Lake Okanagan Bridge approach through City Park. Cur-

ious to see how the bridge way fared in recent cool weather, Courier photographer Kent

Stevenson found an ideal setup for the above smashing shot. (Courier photo—prints available)

STUDENTS, TEACHERS TO GET 16-DAY CHRISTMAS HOLIDAY

Students and teachers in School District 23 (Kelowna), with thousands more in British Columbia will have a 16-day holiday over the Christmas season. This was announced from Victoria by Education Minister Leslie Peterson. Classes will be dismissed at the regulation time (December 19) and will resume January 5.

Dief Hints China Recognition Out

KUALA LUMPUR, Malaya (CP)—Prime Minister Diefenbaker said today Canada does not intend to take any course that would weaken free world opposition to communism or be construed as "a weakening of our stand."

Malaya, where for years war has been waged against Communist guerrillas, recognizes neither the Peiping regime nor Nationalist China and has outlawed both the Communist party and the Kuomintang Nationalist party.

From the press conference the Canadian leader went to the cenotaph, where he placed a wreath, and then to the office of Prime Minister Abdul Rahman Putra for hour-long talks. He told reporters the Communist problem was discussed with leaders of all Asian Commonwealth countries he has visited. The Canadian government always had the question of Peiping recognition under consideration

Hamilton Favored In Annual Contest

By W. R. WHEATLEY
Canadian Press Staff Writer

VANCOUVER (CP)—This city began coming to life with Grey Cup excitement today as visitors from the east started arriving by train and plane for Saturday's national football final.

A rube band, pipers, dancing girls and a smoke-belching old fire engine appeared at rail terminals and led the way from stations to the hotel district as trains arrived this morning.

But exuberant fans aboard a special train from Calgary slowed train arrivals. The nighttime blowout expected with first special trains was delayed more than five hours.

More prairie visitors, especially from Calgary, were aboard the regulars arriving early today but a few travel-worn Hamiltonians came, too.

But until this morning, it appeared as if the 40 horses en route from Calgary would have to put the kick in festivities ushering in the 1958 Grey Cup game.

Vancouverites seem blasé about it all. They saw and took part in a monster pre-game blowout in 1955. This year they're more interested in a football game—the meeting between Hamilton Tiger-Cats, Eastern champions, and Winnipeg Blue Bombers, best in the West.

There was only the mildest kind of steaming-up and it was supplied by exuberant arrivals from east of the Rockies. The story may be different by tonight when thousands more will be on hand.

There will be the horses, too, ready to make Calgary's section of the annual Grey Cup parade one of the most colorful.

Thursday night in Vancouver this year was in sharp contrast to the pre-game Thursday of 1955, first year the big sports spectacle was staged in the West.

Three years ago traffic was almost at a standstill in the city's hotel section. Automobile horns squawked and whooping crowds milled about the streets. The lobby of the Hotel Vancouver, focal point for almost everything and everybody pertaining to the Grey Cup, was jammed.

ALL QUIET
This year traffic was normal. In mid-evening there weren't more than 50 persons in the hotel lobby. They stood about in small groups chatting. A few hardy souls, no longer thirsty, tried literally to whoop things up. Their shouts echoed around the lobby but nobody paid any attention.

A party thrown for 800 in the hotel by a distillery, in honor of players voted signal honors, was a quiet affair.

"We had to take out only one guy," said a uniformed hotel policeman. "And he said the hot dog he ate must have made him collapse."

PREMIER PICKS WEST
Premier Bennett of British Columbia was one of the guests on the platform at the party. After it broke up he condescended to a newspaper man that he picks Winnipeg to win Saturday's game by 10 points.

Fullback Pat Abbruzzo of Montreal Alouettes, who had a hand in the arrangements as an employee of the party-losing distillery, swung the other way without hesitation—"Hamilton by 15 points."

These views about size up the opinions of fans here—the Westerners generally call Winnipeg and the Easterners call Hamilton.

In major football cities across the country betting has favored Hamilton by an average of seven to eight points.

SOME SPORT COLORS
The steadily arriving fans are well decorated in the teams' colors, but so far comparatively few have arrived wearing the yellow and black of the Tiger-Cats.

The blue-and-gold colors of the Bombers predominate. Many fans from other Western cities sport their own team's colors as well as those of the Bombers. One lone figure shuffled through the hotel lobby wearing a Montreal Alouettes red-and-white pennant across his chest and ribbons of the TJ-Cats and Bombers planned here and there about him. He came to an unsteady stop to buy more from a girl selling them from a tray.

EXPECT BIG CROWDS
Arrivals today are expected to swell the crowds immensely. The transcontinental railroads reported 30 per cent more football traffic rolling West this year than in 1955.

There was no indication early today that attendance at the game would lag.

See GREY CUP—Page 10

Grey Cup Hi-Jinx Slow CPR

VANCOUVER (CP)—Hi-jinks agency cord three times and aboard a special Grey Cup train bound for Vancouver from Calgary have held up three prairie specials for as long as 5½ hours. Canadian Pacific Railways officials said fans aboard a Calgary special yanked the emergency cord, which were following,

LADY-OF-THE-LAKE ... attends Grey Cup festival

City Queen In Parade

Kelowna's charming Lady-of-the-Lake Sharon Bunce will be riding atop the Orchard City's float in tomorrow's colorful Grey Cup parade in Vancouver. The huge float, decorated with an Ogopogo theme, with two "Century Sams" superimposed on banners "Kelowna—the Regatta City," will be seen by an expected audience of 300,000 at the parade, as well as other thousands watching TV. On the front and rear ends of the float will be signs "Summer Home of B.C. Lions—Make It Yours Too!" Kelowna Jaycees undertook the job of transporting, decorating and dismantling the float.

RCMP Disperse 400 Krestovans

KRESTOVA, B.C. (CP)—About 400 Sons of Freedom Doukhobors were dispersed here Thursday by RCMP tear gas cartridges as they set out on a projected 53-mile march to the provincial government dormitory school for Doukhobor children at New Denver.

Spokesmen for the group said they were celebrating Messiah Day, the 57th birthday of Stefan Sorokin, their spiritual leader living in Uruguay who recently sought permission to return to Canada. After the dispersal, the fraternal council of the Doukhobors wired Sorokin saying: "We forgive you" to return to Canada and suggested "you precede us to Canada."

Canada Faces Real Fight In Wheat Giveaways

OTTAWA (CP)—Canada may have a fight on her hands in attempts to retain a wall between cash sales and giveaways in world bargaining on a new International Wheat Agreement.

Authorities disclosed that recent initial talks held at Geneva and London indicated most countries favor lumping all wheat shipments under a new pact to increase the number of countries participating and the amount of world wheat covered by such an agreement.

Some Canadian officials would go along with the move on the ground that the more wheat and the more countries in the agreement, the more effective it may be.

COULD WEAKEN FACT
But key Canadian negotiators fear the opposite may occur, the lumping of giveaways deals with

SNOW BLANKETS SOUTH U.S.-EAST

TORONTO (CP)—Snow blanketed south-central United States during the night and spread into most of Ontario early today. The weather bureau here said the fall will likely continue all day and into the night. The bureau forecast as much as six inches would be registered in some areas.

United College War Continues

WINNIPEG (CP)—All six history professors at the University of Manitoba charged Thursday night that United College "has forfeited the confidence of the academic profession across Canada" by firing Professor Harry S. Crowe.

Prof. Crowe was dismissed by the college, a United Church institution affiliated with the university, after a personal letter he wrote to a colleague fell into the hands of principal Dr. W. C. Lockhart.

Five professors have resigned from the college as a result of the case. One already has left and the board of regents announced Thursday it had accepted the resignations of three more.

Oil Land Sale Nets Huge Fee

VICTORIA (CP)—The B.C. department of mines Thursday sold oil and natural gas exploration rights to more than 2,000,000 acres of wildland land in the northern Peace River country. It was the biggest oil acreage sale in the history of the province and yielded \$3,629,218.23 in fees, rents and bonuses.

VERNON JURY MAY RETURN VERDICT TODAY

Konkin Claims Pipe Purchase Harmless

(By Courier Staff Reporter)
VERNON — Alex Konkin, taking the stand late this morning in his own defense in the bomb conspiracy trial, said that caterpillar drivers often use pieces of pipe with caps on both ends to keep socket wrench set to-

gether to avoid loss. Pieces of two-inch pipe with caps for the ends, which the crown contents were used for time bombs, are part of the 73 exhibits entered by the crown. Alex Konkin testified that he was "cat" driver helper for a

year before he became an operator. During the year as a helper, he said he had seen many "cat" drivers using pipe to keep the sockets from being lost. He said he had been losing "lots of tools" in the rough work at the Beaverlake logging camp

site, so he bought a piece of two-inch pipe in Kelowna June 25, in which to keep his tools.

The trial, now in its 13th day, is continuing. The fate of the Konkin brothers may be turned over to the jury late today. (See earlier story on Page 3.)

West Berlin Fears Red Penetration

BERLIN (AP)—West Berliners dug in today for a new cold war siege as their officials spurned the Soviet proposal to convert West Berlin into a demilitarized "free city."

"We in West Berlin say no," Mayor Willy Brandt declared in a radio and television broadcast after an emergency meeting of his cabinet called to study Soviet Premier Khrushchev's proposals. All West Berlin parties, newspapers and citizens seemed to back him up.

The 44-year-old Socialist mayor, appealing for the support of the Western world, promised that West Berlin's 2,200,000 citizens would not panic as the six months proposed by Khrushchev for negotiations run out.

Railmen Honor Local IWA Picket—Officials Move Cars

Three railway officials boarded locomotives yesterday afternoon to move 12 cars tied up in the strike-bound S. M. Simpson Ltd. mill and the S and K Plywood plant.

Trainmen refused to cross picket lines manned by members of the IWA. It was the first incident in the four-day lumber strike which has closed seven southern interior operations.

CPR assistant superintendent Jack Brigham and master mechanic Jim McGowan, both of Revelstoke, moved four railway cars, two of which were empty, and CNR superintendent, T. A. Mainprize, of Kamloops, shunted eight loaded cars out of the lumber yards.

Railway officials declined to comment further on the incident, but it is understood a full report has been requested by head office.

Questioned as to whether railway crews would continue to honor IWA picket lines, spokes-

men for the two companies said they doubt if the situation will again arise, as there are no more cars in the lumber yards. Any further statements would have to come from company headquarters in Vancouver, it was explained.

Meanwhile a government-supervised strike vote in the northern interior is being taken today. Results should be known tonight.

At Vancouver, Fred Fieber, strike committee chairman of the International Woodworkers of America, said members of the union are prepared to stay on strike as long as four months, to obtain a settlement of their dispute.

The union wants a one-year contract and a 15 per cent wage increase for its 3,500 southern interior members, 1,200 of whom are now on strike. Present base rate is \$1.53 an hour. Operators have offered two three per cent increases for the next two years.

"We hope it will be possible to get a quick settlement," Fieber said, "but there's no sign of one at the moment."

"It took us four months in 1954 to get them (the operators) in a talking mood and if it has to be as long as that this time, that will be it."

The union will begin paying strike pay next Tuesday at the rate of \$24 a week for married men, plus \$3 for each dependent, and \$18 for single men.

J. Clayton Walls, regional director for the IWA, was not available for comment this morning, nor were any other IWA officials. H. B. Simpson, president of S. M. Simpson Ltd., said the mill will be "closed down tight by late this afternoon." During the past three days, crews have been draining boilers.

He was unable to say how long it would take to re-open the mill and when the strike is settled. "It depends entirely upon weather conditions," he explained.

Princess Patricia's Founder Succumbs

MONTREAL (CP)—Brig. Andrew Hamilton Grant, 76, founder of the Princess Patricia's Canadian Light Infantry died today in a Montreal hospital.

ago he presented Wagner's Tristan and Isolde with the Lyric Opera Company in a triumphal return to the podium in the city where he was dismissed abruptly 10 years ago as conductor of the Chicago Symphony.

Although references gave his age as 64, his widow, Halina, his second wife, said he was 66.

Rodzinski conducted most of the major U. S. orchestras, but his tenure with them often ended in stormy battles with management.

Rodzinski's final performance was in Chicago, where 10 days

Increase In Freight Rates Serious Blow To Okanagan

Granting of a 17 percent increase in railway freight rates is a serious blow to the Okanagan—and British Columbia as a whole for that matter.

The primary producers of the valley will have to bear the brunt of the increased cost of hauling fruit and vegetables to markets. And the southern interior lumber operators, with a strike already on their hands, are unable to estimate the impact of these new charges. It's conservatively estimated that the increased freight costs will cost the primary producers a quarter of a million dollars.

There's no argument over the fact that decision to refuse or grant the wage demands of the non-operating railway workers was thrown at the doorstep of the federal government. A conciliation board had recommended a wage increase for the railway men, and the railways in turn said they would agree providing they received permission to up freight rates. It's as simple as that.

But already a precedent has been set. A gun was virtually placed at the head of the national government. Other public utilities, placed in the same position as the railways, could easily enter the same plea . . . that they are unable to meet employees' wage demands unless they receive a higher return from their investment. It's unthinkable where such a vicious circle could stop.

At the same time the government probably thought of future ramifications if the gov-

ernment granted a federal subsidy rather than allowing the 17 percent freight rate boost.

A newspaper, for instance, providing a public service just the same as the railways, telephone or electrical companies, could argue the inability to pay increased production costs unless the government gave them a subsidy to stay in business. Subsidization by no means the answer to management-labor problems.

British Columbia got cold comfort from the federal cabinet's announcement that an immediate and comprehensive review of "serious inequities" in the present freight rate structure would be undertaken.

The eight provinces which have fought the discriminatory 17 percent increase know that the railways will very shortly be asking for a further 15 or 16 percent increase over and above the 17 percent now confirmed.

If other businesses—large and small—have to take steps to increase efficiency and cut production costs in order to stay in business, it's about time that the railways took a second look.

It's the easy way out when a company says "sure we'll grant a wage increase, but we want to charge more for our goods."

But the traffic can bear only so much. And when we say "traffic," we mean other businesses which depend largely on railways to move their goods.

Why Christmas Seal Drive

The little Christmas seal has served the cause of tuberculosis prevention extremely well. Everyone knows how the money raised by the Christmas seal drive has forwarded a campaign against the germ that causes the disease—tubercle bacillus. Everyone knows how they built sanatoria when they were required; how they started the rehabilitation programs; bought X-ray equipment so necessary in the fight against TB; conducted mass chest X-ray surveys and so on.

In recent years a good many people have wondered and asked "hardly anyone dies of TB any more—even Tranquille sanatorium has been closed. Why do they still have to have a Christmas seal campaign?" The reasons are simple.

It is true that the number of people dying from TB has dropped dramatically. It is also true that Tranquille has been closed as a tuberculosis sanatorium. But tuberculosis is a long way from being defeated. During 1957

more people than ever before were treated for TB—over 1,600 individuals. Thanks to modern treatment methods, few of these people will die of TB and they will be released from sanatorium in four or five months rather than a year or a year-and-a-half as has been the case in past years. However, these 1,600 individuals still will present a lot of disrupted—often ruined lives.

In a recent survey in Vancouver, one out of every five children in an elementary school were found to be tuberculin positive. They had been infected at one time or another with the TB germ. According to best medical advice, five percent of these children will develop active disease sometime during their lifetime. This means that out of this one school population, we can expect ten cases of tuberculosis.

We have made great advances toward the goal of stamping out TB.

We have the TB germ under our foot. Let's squash him.

Kiwi Engineers Harness Electricity From Steam

By J. C. GRAHAM

Canadian Press Correspondent
AUCKLAND, N.Z. (CP)—After eight years of research and experiment, New Zealand engineers have harnessed natural underground steam to make electricity. The result is a triumph of skill and ingenuity.

Night and day, unceasingly since man first came to New Zealand, geysers, steam vents and boiling pools have discharged great quantities of steam in the thermal belt that runs across the North Island.

Yet not until about a quarter-century ago did it occur to anyone to put this power to use.

The idea was endorsed by geologists and electricity experts, but action hung fire until after the war. Meanwhile the first plant using underground steam for electricity was brought into operation at Lardarello, in Italy.

DANGEROUS WORK

Drilling to find the extent of the available steam resources began in 1950 at Wairakei, one of the main tourist centres in the thermal region toward the east coast of the North Island. Since then more than 60 holes have been drilled, some going down only a few hundred feet, others several thousand.

Drilling in unstable pumice country is a hazardous business. Bores are liable to run wild or to break out in unexpected places. But gradually it became clear that sufficient steam was available beneath the earth in this area for a very substantial output of electricity.

Bores put down eight years ago have been producing superheated steam at high pressure ever since without any sign of faltering. A whole valley spouting vast volumes of steam is a spectacular sight. It has become a tourist attraction, rivalling the natural blowholes and geysers nearby.

The drilling has produced a unique road sign on the main highway which runs past the site: "Go slow. Steam cloud ahead."

Meanwhile major problems have been met in passing the steam through turbines owing to its high moisture content and its strong chemical proportions of the output from some bores. Engineers faced an intricate task in devising methods of separation and use.

The feeding of the first electricity from the initial machine into the general supply has been tried. Goodwill has been

viewed several times already. Present plans call for an output of 150,000 kilowatts. But a further increase to 250,000 kilowatts is already under consideration.

PERSONALLY SPEAKING

By THE VENERABLE D. S. CATCHPOLE

NOW IS THE TIME!

Earlier this week there appeared in this space a plea for leadership in our city. I am wondering just how long the merchants, the householders, and taxpayers of Kelowna propose to put up with the sort of thing which took place last October 31.

Not long ago I spoke with a prominent citizen who has lived here many years and is distinguished for his long service in youth work. That evening he had his front fence knocked down, his front door made a target for ice cream cones, and when his wife went to the door to protest she was met with an exploding firecracker which might easily have deprived her of her sight. This is but one example of the sort of thing which our people are tolerating.

I am well aware that many people read this column. Are any of them prepared, instead of throwing brickbats at me, to join some sort of plan by which this yearly "terror" may be eradicated? It is apparent that our civic administration intends to do nothing about it. The police can do only a certain amount. I am no advocate of taking the law into one's own hands but, believe me, there does come a time and now is the time, with a year for planning, to force the issue and stop this evil business dead in its tracks.

We need to have a citizens' meeting, having as its purpose the planning of a campaign to arouse a moral force in this place which will be so effective that it will put a stop, once and for all, to this vandalism and to the opportunity for the exhibition of spite which was exemplified not this year only, but in other years, against certain persons. I presume there is a ratepayers' association in Kelowna. If its engineers faced an intricate task in devising methods of separation and use.

tried. Threats have been tried. Nothing works, or has worked, so far. The fact of the matter is that our law enforcement body can do nothing so long as the people are not behind it. A largely attended citizens' meeting would have the effect of bringing pressure upon the city council to take action.

If you, my readers, do not think the matter is sufficiently important to warrant your attention let me list some of the vandalism acts of which I know personally. Purely from memory, these are: windows' fences torn down and their houses defaced; cars ruined by acid and by being sprayed with paint; house windows smashed; car windows smashed; street lights broken; creation of traffic hazards on the streets; postal boxes, both private and public, broken down; electric switches pulled creating grave danger; store windows defaced; crate of plate glass smashed; death caused to a car owner due to the exhaust pipe being plugged; school windows and other public property ruined. This is not to mention the fear always caused by rioters and endured for a night by our people, old and not so old, alike.

Is this, my masters, what you call good government? If you cannot handle ordinary vandalism, how do you expect to handle major crime, to which all this sort of thing leads? I believe that if we stand up, like law-abiding citizens should, and stop this evil thing within our own borders we can simplify the situation for the police by asking them to put road-blocks at all entrances to the city to keep out hoodlums from outside. But the main job must be done by ratepayers and by parents. Do I hear one voice? If I do, I trust it may be the voice of someone widely respected who, with more authority than I, will call upon all citizens to meet and do whatever is necessary to make Kelowna a law-abiding place which it definitely is not at present.

HARDLY THE BEST WAY TO HARVEST FRUIT

OTTAWA REPORT

Civil Service And Its Oath

By PATRICK NICHOLSON

Ottawa has heard a lot about secret reports lately. What does it mean when a cabinet minister or senior official classifies a government document as "secret"? What obligations are thereby imposed upon any Canadian into whose hands such a document may pass?

Twelve years ago, a sensational series of trials centred around the betrayal of Canada's secret information. A number of civil servants and other persons were put on trial, and some were sentenced to prison terms, in connection with the handing over in wartime of Canada's atomic secrets to agents of a foreign power, even though that power was at that time our military ally.

In recent times of peace, there has been no similar trial of civil servants or others in connection with the disclosure of secret government information of a non-military nature.

However, there are certain signposts which might serve as guides as to whether or not offences would be committed by the unauthorized disclosure of secret documents; and as to the possible punishment upon conviction for any such offence.

CIVIL SERVANTS' OATH

The Civil Service Act prescribes that every employee in the government service must swear an oath of loyalty before he or she can receive the first pay cheque. This oath involves the civil servant in repeating these words: "I solemnly and sincerely swear that I will faithfully and honestly fulfil the duties that devolve upon me by reason of my employment in the Civil Service and that I will not, without due authority in that behalf, disclose or make known any matter that comes to my knowledge by reason of such employment. So help me God."

That oath makes it clear that no civil servant should reveal to any unauthorized person anything contained in any secret government document. The least of the penalties for being found out would be dismissal.

OFFICIAL SECRETS ACT

The prohibition against spying on behalf of an enemy power is set out in the official secrets act, which mainly refers to matters affecting national defence. There are however certain sections and clauses which might be held to apply equally to secret government documents which do not relate to military defences. It is widely understood that the free world is engaged in a to-the-death "cold war" of economies against the communist countries. So an official secret act as referring to secrets other than those directly associated with a shooting war.

Section 4 (b) of that Act says: "Every person who allows any other person to have possession of any official document issued for his use alone, or without lawful authority has in his possession any official document issued for the use of some person other than himself, is guilty of an offence under this act."

SEVERE PENALTIES

Section 3 (3) says: "Every person who receives any secret official document, knowing or having reasonable ground to believe that the document is committed to him in contradiction of this act, is guilty of an offence under this act, unless he proves that the communication to him of the document was contrary to his desires."

Section 15 (1) says: "Any person who is guilty of an offence under this act is liable to imprisonment for a term not exceeding fourteen years."

GOOD STUDENT

KITCHENER, Ont. (CP)—Annette Tilden, 17, of Harrison, Ont., is the only female student in a class of 25 studying chemical engineering at Waterloo College.

under this act is on conviction punishable by imprisonment for a term not exceeding fourteen years.

In some circles it is felt that every day is open season on secret documents. No loyal Canadian would reveal the top secret document describing the specifications and performance of Canada's hush-hush anti-flying saucer missile, because this might endanger your life and his. Should we, in this cold war, treat less seriously the revelation of Canada's economic secrets when these affect your job and your children's food? Or should the season on those filed ducks in government offices be closed by the Official Secrets Act and the civil servant's oath?

Says P.M. Need Have No Fear Free Trade Plan

By M. MCINTYRE HOOD

Special to The Daily Courier

LONDON — The concern of Prime Minister Diefenbaker regarding the possible effects of a European Free Trade Area on Canada's agricultural exports is misplaced. That was the answer given by Reginald Maundling, a paymaster-general in the Macmillan government, to a direct question I asked him at a press conference on the European Free Trade Area deadlock. Mr. Maundling is the British cabinet minister in charge of the negotiations for the EFTA.

Canada, said Mr. Maundling in reply to my question, had much more to fear from the European Common Market of six nations than from a European Free Trade Area of 17 countries. The Common Market, comprising France, Germany, Italy, Belgium, the Netherlands and Luxembourg, he said, intended to maintain high protective policies with outside countries, and to exclude cheap grain. These six countries, as a group, would be far more protective than a European Free Trade Area of 17 nations. The United Kingdom, he said, would maintain its open door policy on Commonwealth agricultural products. Actually, a European Free Trade Area should give Mr. Diefenbaker less cause for concern than the Common Market.

On his recent tour of Europe, Mr. Diefenbaker had said that while Canada would welcome any steps on the part of the 17 nations to stabilize their economy and improve living standards, Canada viewed with great concern the effect of a free trade area on Canada's exports of agricultural products. In reply to other questions, Mr. Maundling said that the system of Commonwealth preferences would be retained if a free trade area were established, because they were the result of give and take agreements with the Commonwealth countries. Referring to a suggestion that Britain should share its Commonwealth preferences with the 17 nations involved in a free trade area, Maundling said that it was not a matter for Britain to decide, but rested with the Commonwealth countries, since any preferences had to be negotiated with them.

At the moment, negotiation of a free trade area plan is in a state of deadlock, owing to the French rejection of the plan which has been under discussion. There is definite hope, however, that a compromise plan may be evolved. The next move, however, must come from the six countries in the common market which comes into effect on January 1, 1959.

Couple Of Coins May Make Car Deal In U.K.

LONDON (AP)—Things are tough in Britain's used car market. If you drop a couple of coins near a used car lot you may make a deal.

For instance, passing a used car lot, 16-year-old Maurice Ratcliffe pointed to a 1935 model and joked: "I'll give you seven and six (about \$1) for that one."

It was no joke to the auto dealer, who responded: "Make it eight and six."

"It's a deal," said Maurice. He only had two bob in his pocket. They agreed that should be the down payment. Now Maurice is paying off the balance at a shilling a week.

The slump has mainly hit autos about 20 years old. These used to sell for £50 and up. For that amount now, with installment buying restrictions off, you can make a down payment on a new car or one only a couple of years old.

Sometimes the bargains are real finds.

David Lalor bought a 1937 car for nine pence (11 cents). Cleaning behind the back seat he found seven pence that had fallen out of a passenger's pocket in the dim and distant past.

FAMILIAR SPOT

MORECAMBE, England (CP)—A fish and chip shop was used as a polling booth in this Lancashire town, because the key to the building which should have been used could not be found.

EXPERT OPINION

LONDON (CP)—The Wholesale Clothing Manufacturers Federation says politicians are the best-dressed men in Britain, and transport drivers the worst.

How much

have you saved in the past ten years?

The trouble with most savings plans is that people deposit money today and withdraw it tomorrow. A Sun Life Endowment Policy provides you with a savings plan that cannot fail. Let me tell you about it.

SUN LIFE OF CANADA

BYGONE DAYS

10 YEARS AGO
November, 1948

If the city council has its own way, the spouse of any property owner will be allowed to vote in those who witnessed a demonstration by the Kelowna fire brigade with their new chemical extinguisher. The first real public test with the new apparatus was given before the Mayor and council Monday evening at the corner of Bernard Ave. and Pender St.

"Since the national railways are not interested in going into partnership at this time," British Columbia should develop the PGE on its own, Premier Byron Johnson said here Monday night. "It is our duty to see that we not only get a highway to the Peace River, but we must find some way to develop the coal and oil there."

20 YEARS AGO
November, 1938

The light fall of snow interrupted work on the Naramata road which, however, was resumed when it turned out and pushed ahead along the rock side hill towards Horse Creek. While the actual distance travelled this year has not been much over a mile, it has comprised quite the most difficult part of the work.

30 YEARS AGO
November, 1928

Following a search of nearly two days the body of Kikitaro (Frank) Hara, Japanese employee of the Rowcliffe ranch, who suddenly disappeared on Sunday afternoon, was recovered from Mission Creek by a search party on Tuesday morning. A verdict of suicidal death by drowning was rendered following an inquest on Wednesday morning.

40 YEARS AGO
November, 1918

Except in the case of very large outbreaks of fire, the motor

fire truck carrying the water hose will now take a back seat.

This was the unanimous decision of those who witnessed a demonstration by the Kelowna fire brigade with their new chemical extinguisher. The first real public test with the new apparatus was given before the Mayor and council Monday evening at the corner of Bernard Ave. and Pender St.

50 YEARS AGO

Celery Seed Buns

1. Scald 1 1/2 cups milk. Stir in 1/2 cup granulated sugar, 3 teaspoons salt, 1/2 cup butter or margarine. Cool to lukewarm.
2. Measure, measure into large bowl 1/2 cup lukewarm water. Stir in 2 teaspoons granulated sugar. Sprinkle with contents of 2 envelopes Fleischmann's Active Dry Yeast. Let stand 10 minutes, THEN stir well. Stir in lukewarm milk mixture and 3 cups once-sifted all-purpose flour and sprinkle with 2 teaspoons celery seeds. Beat until smooth and elastic.

Work in additional 2 1/2 cups (about) once-sifted all-purpose flour. Turn out on floured board and knead until smooth and elastic. Divide dough into 2 equal portions. Shape each portion into a 15-inch roll and cut into 13 equal-sized pieces. Shape each piece into a smooth ball. Place balls in greased muffin pans. Brush tops with melted shortening. Cover. Let rise in a warm place, free from drafts, until doubled in bulk—about 1 hour. Brush risen buns with soft butter or margarine and sprinkle with celery seeds. Bake in a moderately hot oven, 375°, 15 to 20 minutes. Yield—2 1/2 dozen buns.

FIRE GUTS HISTORICAL LANDMARK
Above picture shows all that is left of a historical landmark. A barn, built in 1905 by John Casorso, went up in flames yesterday noon at the Louis Casorso ranch on Swamp Road. Approximately 100 tons of feed, valued at \$5,000 was lost in the fire. Building and contents were partially covered by insurance. (Courier staff photo)

MacPhee Drops Hint Of Royal Commission Recommendations

Dean E. D. MacPhee, who conducted a lengthy probe into the Okanagan's fruit industry, has dropped a hint of the "things to come" insofar as his Royal Commission investigations are concerned.

Speaking before the 25th annual B.C. Federation of Agriculture convention in Vancouver, the dean of commerce at UBC claims the small farmer is on the way out.

MacPhee saw an inevitable trend to larger farm units with large capital, run by competent managers and skilled employees. He has just completed his royal commission report, still not released, on the interior fruit industry. The report is now in the hands of Agriculture Minister Steacy.

However, Dean MacPhee told the agriculturists that 75 per cent of interior orchards are smaller than the 15 to 20 acres generally accepted as the minimum economic orchard unit. "The day of the large farm unit has come in many phases of agriculture, and our whole standard of adequate size has been altered within a decade or two," Prof. MacPhee told the convention.

He saw increasing difficulty for a young man to build up a farm of adequate size because of the large capital outlay required.

FULL-TIME WORKERS
The new farms, he said, are wheat farms with 5,000 to 10,000 acres, not 100; poultry farms with

50,000 to 100,000 birds, not 5,000; potato farms of 200 to 400 acres, not 10 to 15 acres.

"It is increasingly difficult and will become increasingly difficult," he said, "for the small farmer to be competitive and to grow into a big farmer."

Farmers, he predicted, will have to operate enough acreage to employ fulltime workers and use more equipment whenever this can pay its way. "We may not like these trends, we may feel that they are moving in the wrong direction from the standpoint of development of a healthy Canada, but I know of no action on the part of any government or other administrative body which can reverse this trend by a process of direction."

A. Whitehead Again Heads Centre Group
OKANAGAN CENTRE — A. H. Whitehead was re-elected head of the Okanagan Centre Community Hall Association, as was the secretary-treasurer, Mrs. F. R. Wentworth. Committee includes Mrs. S. J. Land, Mrs. Gibson, H. Bernau, Mr. Land and K. K. Kobayashi.

During the discussion of annual reports, it was indicated that lack of funds may necessitate economies in improvements that are desirable, particularly in heating facilities. One necessary improvement made last month was the roofing with fire resistant shingles, the south side of the main room and the annex.

The fire insurance will expire in January, and there was some discussion over the expense. It was finally decided to reinsure, but the amount will be left to the discretion of the executive. The treasurer's report showed the association is solvent.

cult," he said, "for the small farmer to be competitive and to grow into a big farmer."

Farmers, he predicted, will have to operate enough acreage to employ fulltime workers and use more equipment whenever this can pay its way. "We may not like these trends, we may feel that they are moving in the wrong direction from the standpoint of development of a healthy Canada, but I know of no action on the part of any government or other administrative body which can reverse this trend by a process of direction."

Teacher's Race Accent Not An Issue In Hassle
PELLEY, Sask. (CP)—A spokesman denied recently that a group of parents object to a public school teacher here because of his Ukrainian accent.

"There's nothing to that," said H. L. Phelps, a corporal in the RCMP, whose son is one of six pupils who had not attended the classes of H. D. Stratyckuk since the start of the fall term. Mr. Stratyckuk teaches Grades 5 and 6 at the Pelley school, 225 miles northeast of Regina.

The objections to Mr. Stratyckuk have already been voiced to a board of inquiry, soon to make its report, Mr. Phelps said. "There are things he fails to teach we think should be taught, and things he teaches we think should not be taught," Mr. Phelps said in a telephone interview.

SPECIAL DEPOSIT
WOLVERHAMPTON, England (CP) — The hospital management committee here has decided to charge a deposit on walking sticks and crutches. Some patients have chipped up crutches for firewood after finishing with them.

Saviour. It is still made up of all those who are saved. There is close fellowship today among Bible-believing Christians in numerous Protestant groups, just as there was close fellowship among the various groups of believers in the days of the apostles. Among these believers the Bible has always stood as the supreme authority in spiritual matters.

Through the Bible message of salvation these Christian believers have come to know a newness of life which was known to the apostles—and to all believers of their day. The Bible says that "if any man be in Christ, he is a new creature: old things are passed away; behold, all things are become new." (II Corinthians 5: 17)

If you would like to know more about the Church—the great fellowship of those who believe on Jesus Christ as Saviour—you will want to have a pamphlet which has been prepared for your benefit. You may have it FREE of charge if you fill in and mail the following:

Konkin Denies Ever Seeing Vital Exhibit

(By Courier Staff Reporter)

VERNON—Sam Konkin, one of two remaining defendants in the prolonged bomb conspiracy trial, and his wife, both denied ever seeing a vital crown exhibit before it was found in their garage. They were referring to a piece of whitish tissue paper which police found when executing a search warrant July 7 at the Winfield home of Sam and Alex Konkin.

An RCMP witness from the crime detection laboratory at Regina earlier this week testified that the piece of tissue paper found in the garage matched perfectly with a piece of tissue paper removed from the time bomb found June 28 in the Allison Hotel here.

The Konkin brothers are charged with conspiracy to make an explosive substance, and to cause serious damage to property and also charged with unlawfully being in possession of an explosive substance.

NEVER LOCKED
Neither Sam nor his wife could give any explanation how the tissue paper was in the garage except that it may have been left there by the owner of the house before they moved in on May 27 or it may have been put in the garage, which, they said, is never locked.

Several statements by the accused, who took the witness stand in his own defence, were contradicted by earlier testimony submitted by crown witnesses.

In one instance, Sam claimed that a policeman had offered him an opportunity to get the \$25,000 reward posted for information leading to the conviction of those responsible for the bombings in the Okanagan this past summer. He told the judge and jury in the assize court trial that Col. Alex Borodula of the RCMP's Nelson detachment had used the \$25,000 reward as an inducement to get him to give a statement signifying that three friends of his had been responsible for the bombings.

These were the three youths who Wednesday were acquitted by the jury after receiving direction from Mr. Justice Arthur Lord that there was no evidence upon which they could be convicted. They are John Antefuff, John Nazarov and George Woykin.

MENTIONED MONEY
In his testimony early in the trial, Col. Borodula said that he had mentioned the \$25,000 reward to Sam Konkin but only to ask him if he had heard that there was such a reward for information about the June bombing incidents.

Early in the trial, Harold Butterworth of Oyama had given evidence that the Konkin brothers, on June 28, had come down from their Beaver Lake logging camp about 3 p.m., that he had overheard Sam suggest that Alex pick up a pocket watch at the Kaldwood Inn store, Oyama, and had seen Sam give Alex \$10 to make the purchase.

But Sam testified that he and his brother came down at about 4:30 p.m. that day, that he never asked Alex to buy him a pocket watch and that he didn't give Alex any money.

Mrs. Tina Konkin, Sam's wife, also testified that Sam and Alex came down from the mountain between 4 and 4:30 p.m.

Both Sam and his wife claimed they had no knowledge how a piece of wire got in the ash pan of their kitchen stove. Police

testimony was to the effect that the wire found in the stove could have come from the same source as that removed from the Vernon time bomb. Sam told the court that he frequently used wire similar to the exhibitor of the exhibits for wiring the distributor, voltage regulator and other parts of motorized logging equipment. He said he often carried odds and ends around in his pocket, and it is possible that a piece of such a wire fell in the house and his wife subsequently swept it up and put it in the stove, where, according to her husband's arrest.

Two Vernon Men Already File Nomination Papers

VERNON — Two men have already filed nomination papers for election as aldermen. They are Frederick Arthur August and Lionel Mercier.

Mr. August is commodore of Vernon Yacht Club and a former member of the Rotary Club for five years. He has been in business in Vernon since 1917.

Mr. Mercier is a member of Vernon Yacht Club; past president of Toastmaster's Club; a shareholder and promoter of Silver Star Development Com-

any, and on the executive of branch 25, Canadian Legion, Vernon. He is a businessman, has been in the city since 1951, and resides at Okanagan Landing. Meanwhile, Alderman Harold Down said today that if a member of the Vernon Ratepayers' Association runs for alderman, then he will offer his services for another term.

Coldstream ratepayers will vote on a referendum on Dec. 11 as to whether they favor the expenditure required for street lights in Kalavista subdivision.

The terms of two Coldstream councillors automatically expire. They are: Teddy R. Churchill and Richard A. MacDonald. Both seek re-election. Terms of Reeve James Kidston and two other Coldstream councillors do not expire until the end of 1959.

TEEN TOWN SECRETARY
PEACHLAND — At the last meeting of Teen Town, Roger Knoblauch was elected secretary, replacing Lona Oestki, who has returned to her home in Coronation, Alta.

The "March of Dimes" campaign is now in progress, and is reported to be going along satisfactorily.

Joseph Follmer Named Head Rutland Growers

RUTLAND — Joseph Follmer was elected chairman of the Rutland Local of the BCFGA, succeeding Art. Perkul, who has held the position for the past five years.

Mike Dapavo was elected secretary-treasurer, replacing A. L. Babcock, who declined re-election. Others on the executive are: vice-chairman, Art. Perkul; F. A. Stevens, Jake Anton, George Day, R. G. Bury and Joseph Bauer.

Delegates to the BCFGA convention, in addition to the chairman and secretary, will be A. L. Babcock and George Day. Alternate delegates are F. A. Stevens and R. G. Bury.

The meeting was poorly attended.

Peachland Cub Leader Resigns

PEACHLAND — It is with regret that C. O. Whinton has found it necessary to resign as Cubmaster of the Peachland Cub pack. Since Mr. Whinton lost his assistant at the beginning of this season, he has been keeping the Cub movement active by himself. He had hoped for the cooperation of some of the parents, especially the fathers of these youngsters, however, without their assistance, it is impossible to carry on alone. Mr. Whinton, who has been Cubmaster for three years, declares the fact that this situation has arisen and that the young boys are to be denied the advantages of the Cub movement.

At the regular meeting of the Canadian Legion, Branch 63, plans were laid for completion of the finishing the interior of the Legion Hall. Arrangements are in progress to obtain voluntary help of veterans, one night a week, to finish this job. The date for the annual smoker has been set for Dec. 19, in the Legion Hall.

POLITICAL FAMILIES
OTTAWA (CP)—Sir Mackenzie Bowell, who held office from 1894 to 1896, had nine children, more than any other prime minister in Canada's history. The next highest was his predecessor in office, Sir John Thompson, with five children.

SEWING GROUP
BELLEVILLE, Ont. (CP)—The local branch of the Canadian Red Cross society has appealed for more women to join its sewing group. It cannot find enough seamstresses to make children's clothes from the material on hand.

Packers Host Canucks For Home Coming Tilt

The Packers lay it on the line at 9 p.m. in the Memorial Arena. Fresh from their conquests in Europe and Russia, they will face second-place Vernon Canadians, whom they lead in league standings by one slim point. To see whether they have forgotten how to play by Canadian standards or not.

Last night, the defending league champion Packers were entertained at a dance staged by the ladies' auxiliary of the hockey club, their first social function since returning from overseas. Wednesday night they went through a workout to remove the travel kinks from their legs.

Should the Packers win tonight, and continue to win the remainder of their games for the rest of the season, they should be a shoe-in for the league title again this year, since they have four games in hand on last place Kamloops, and five on both Vernon and Pentticon, giving them a comfortable padding.

During the Packers absence, the league has been tightening from the bottom up. When they left, the Kamloops Chiefs were

dragging their feet miserably, with six straight losses to their credit, but since that time the club has shifted personnel radically, and pulled themselves right up to one point behind third place Pentticon Vs.

SUFFERED DEFEATS

Vernon, who were solidly in second place when the Packers left, are still there, with a six-point bulge over the Pentticon club, but they have suffered some ignominious defeats at the hands of the other clubs, latest being the 14-3 waxing by Kamloops on Wednesday night.

Prior to leaving, the Packers put together a six-game winning streak, the best they have been able to manage in the history of the club, and high-scoring left

LOOK FOR CROWD

Packers officials are hoping for a big crowd tonight, to welcome the conquering heroes in the official return to league play, and have turned out a brand-new, 24-page program to mark the occasion. A bright and colorful edition, the program is rated as the best ever turned out in the Orchard City, by local hockey authorities.

Tomorrow night, the Packers will make the long trek to the Kamloops arena, where they will be able to test their immunity to the jinx that has plagued them in the northern ice house for three years. They broke their bad luck before they left Canada, and both Pentticon and Kamloops seemed to have picked it up, leaving the Chiefs practically invincible at home for the past three weeks.

In other league games, Kamloops is at Pentticon tonight, and Pentticon is at Vernon tomorrow night.

Sports

GEORGE INGLIS — SPORTS EDITOR

Teddies, 'Lites Post Easy Wins

Meikle Teddy Bears continued to roll merrily along in front of the senior women's basketball league soundly thumping Pentticon Kencos last night, 43-15, while their counterparts, the Royalites, pounced on the Freightways for a 65-43 win.

Teddies had no trouble as they rolled up a 10-1 first quarter lead, held a comfortable 24-6 lead at half, then poured in another 19 points in the final half of the game.

Marg Fielder was the big gun in the Kelowna win, hitting the hoop with consistent regularity to pick up 13 points. McDonald and Stubbins were best for the visitors, with five points each.

The win left Kelowna out in front of league standings with four straight victories. On the line Teddies hit 7-for-17, while Kencos managed 3-for-12.

Kelowna Royalites showed the form that has carried them into the provincial finals for the past two years as they jumped on the Freightways for a 65-43 win.

It was payday for the Royalites as the sharp shooting "Bills"—Martino and Dean—paved the way to victory with 23 and 18 points respectively.

The win for Kelowna moved them alongside second-place Vernon in league standings, one game back of Kamloops.

Ceccon of Pentticon and Englesby of Kelowna were ejected from the match for fighting.

Next league action for the Kelowna cage squad will be next week, when both teams return to Pentticon.

Midget Six Pour Rubber In Victory

Kelowna's surging midgets rambled to an 11-1 victory over Vernon last night in the northern city, paced by Bob Gruber's hat-trick effort.

The Kelowna sextet poured rubber past Vernon net-minder, Alekson, in posting their third straight victory in league play to date, out of three starts. At one point in the sandwich session, they rapped in three goals in 46 seconds.

Goalie Sid Shussel's shut-out was broken at the 1:54 mark of the third frame, when Humeniuk rapped in the lone Vernon marker, assisted by Green.

KELOWNA MARKSMEN

Kelowna marksmen were Gruber (3), Jack James (2), Fred Thomas (2), Martin Schaefer, Cecil Luman, Ken Hamanishi and Wayne Horning.

Schaefer opened the scoring at the four minute mark, and the locals rapped in four more in the final six minutes of the frame, to lead 5-0 going into the second frame.

Kelowna added four more in the second, and one in the third to make it 10-0 before Vernon made their lone reply, and Gruber salted the game away with his unassisted marker at 14:03.

HOLD THAT GAL!

"No, you don't!" Teddy Bear Stewart is seen checking Pentticon Kencos' high-scoring centre, Ann Stubbins, in last night's senior "B" women's

cage tilt at the Kelowna high school. The Teddies, defending provincial champions, beat the Kencos for their third straight victory and the first defeat the

Pentticon club have suffered in two starts. Strengthened from last year, the locals are shooting for the crown again this season.

Stone Enters Semi-Finals, Versus Edmonton's Baykey

VANCOUVER (CP)—The surprising rink of Donn Baykey, half from Edmonton and half of Vancouver, and the steady Reg Stone rink of Trail, B. C., entered the semi-finals of the two-terop semi-finals of the fourth annual Totem Bouspiel.

The two rinks were the only ones left with unblemished records as the spiel went into its final day. Because they are on opposite ends of the draws, they could clash in the finals of both the Totem and Evergreen events.

In his final game of Thursday's draws, Stone crushed the Tony Gutowski rink of Victoria, defeating B. C. champions, 12-2 in the Totem. Stone has won the provincial title six times.

BAYKEY DOWNS WRIGHT
Baykey downed Bert Wright of Vancouver 8-5 in the Evergreen in his final game of the day.

Earlier, Stone defeated the Glen Gray rink of Edmonton 5-4 in the Evergreen and the Bert Robertson rink of Edmonton 8-6 in the Totem. Baykey's victims were the Bruce Bennet rink of

Vancouver (7-6 in the Totem) and the Matt Baldwin rink of Edmonton (12-11 in the Evergreen).

The Stone rink faces Gray again today—in the Totem semi-finals. The Evergreen semi-final, against Charlie Cook of Vancouver, is scheduled first.

TWO-TOWN LINEUP
The Baykey rink, composed of Mackie McCallum and Roger Dion of Edmonton, at skip and third, and Johnny McMillan and Chesser rink of Riondel, B. C., in the semi-finals of the Evergreen and the Bill Osborne rink of Port Alberni, B. C., in the Totem.

The grand aggregate championship is based on the best percentage of wins and losses in the Evergreen and Totem.

Last year's Totem and aggregate winner, Ken Anderson of Calgary, who has won at least one cup in each of the previous three Bouspiels, was knocked out of competition Thursday. He

dropped an 11-7 game to the Wes Montgomery rink of Fort Saskatchewan, Alta., in the Pacific event.

Also eliminated were Matt Baldwin of Edmonton and Jimmy Hill of Delta, Sask. Glen Gray defeated Hill 12-10 in the Totem.

Gray also figured in Baldwin's elimination, giving his Alberta rinkmate his first defeat Tuesday before the 12-11 loss to Baykey.

Big John Rates, Though Play-Boy

NEW YORK (AP)—Big Mike DeJohn of Syracuse is a 7-to-5 choice to whip stocky Will Besmanovitch of Germany in a 10-round television fight at Madison Square Garden tonight.

If the 6-3, 205-pound fighter ever worked up to his potential he would be at least 5 to 1 over the former Munich brawler.

The handsome, 26-year-old DeJohn just doesn't like to train too hard. If he worked half as hard as his stablemate, former welter and middleweight champion Carmen Basilio, he would be a cinch to be among the top three contenders.

"I know, I know," said Mike. "But I just don't like to run early in the morning."

Juggled Bruins Full Of Ginger

By THE CANADIAN PRESS
Milt Schmidt, the National Hockey League's master of make-do, has patched up another winning combination for Boston Bruins.

Faced with an injury that broke up his top line more than a month ago, Schmidt juggled left wingers, right wingers and converted defencemen and came up with a line composed of Vic Stasiuk, Norm Johnson and Jerry Toppazzini which scored all of Bruins' goals as they beat New York Rangers 3-1 Thursday night.

The win put Boston in second place, one point back of Detroit Red Wings and Montreal Canadiens who remained in a tie for first by winning their games.

The Wings 3-2 over Toronto Maple Leafs and Canadiens 2-1 over Chicago Black Hawks.

Since taking over as Boston coach in 1954 Schmidt, a former centre great, has proved himself a minor miracle — worker with castoffs and formerly mediocre performers.

Last season his top line was composed of Stasiuk, Bronco Horvath and Johnny Bucyk, but that combination was shattered early this season when Horvath suffered a broken jaw.

So Schmidt took Johnson, who broke in as a defenceman, and put him in between Stasiuk and Toppazzini and the three came alive.

Thursday night Stasiuk opened the scoring in the second period on passes from the other two and five minutes later Toppazzini put the Bruins ahead 2-0 after taking Johnson's rebound.

Andy Bathgate scored for New York in the third but Toppazzini finished off the Rangers' hopes with a 75-foot backhand after coach Phil Watson had pulled goalie Lorne Worsley.

Watson managed to provide some fireworks on his own late in the third period when he threw a stick at Toppazzini after the two had exchanged opinions on the game.

Boston fans took exception to this and the Rangers made their dressing room only with a police escort.

After two scoreless periods Norm Ullman put Detroit one up early in the third but the Leafs grabbed the lead on goals by Frank Mahovlich and Darryl Cullen—his first of the year.

Then Howe went to work and tied the score after digging the puck out from behind the net and pushing it between netminder Johnny Bower's leg. At 16:49 he

Durelle, Ancient Archie Set For Montreal Title Bout

MONCTON, N.B. (CP)—Yvon Durelle, fighting fisherman from Baie Ste. Anne, N.B., headed for Montreal today, ready to fight 18 days. He ran up 79 rounds of veteran Archie Moore for the world light-heavyweight boxing championship.

The big question, however, is whether the 15-round bout will be ready as scheduled Dec. 10. The Montreal Athletic Commission decided Thursday night to postpone until Tuesday a decision on whether to grant a permit for the fight.

BEST SHAPE EVER
"I'm as ready as I'll ever be," said Durelle, Canadian and British Empire titleholder. "I'm in the best shape of my career."

The 29-year-old veteran of 13 years in the ring said he expects a tough, hard fight from Moore, holder of the light-heavyweight crown since 1953. He took it from Joey Maxim.

"I've trained hard, the hardest of my career. I feel strong. During workouts I felt like going all day most of the time. If the fight was tomorrow I'd be set."

HOPE TO KEEP EDGE
Manager Chris Shaban said: "Yvon is in great shape. I hope

we can keep the edge on." Durelle, ranked No. 3 among light-heavyweights, trained here for 18 days. He ran up 79 rounds of veteran Archie Moore for the world light-heavyweight boxing championship.

"I give Yvon a 50-50 chance of winning," Shaban said. "I don't think the fight will go the distance. It probably will end around the 11th round, one way or the other."

Blushing Bride Granted Recess
TORONTO (CP)—Mrs. R. W. Laing said today Edmonton's Betty Stanhope was left off the Canadian women's golf team for forthcoming matches in England because it was felt she needed some time to herself in view of her marriage a few weeks ago.

Mrs. Laing, national team chairman of the Canadian Ladies Golf Union, said: "Betty didn't have a good showing this year. Last year was her good year."

"But she is one of our most promising young players and I have no doubt that she will get many team berths in the years to come. She is still very young. We feel she will become one of our best tournament players."

Miss Stanhope won the Canadian women's open in 1957.

NHL STATISTICS

By THE CANADIAN PRESS

Gordie Howe of Detroit climbed into second place in the National Hockey League scoring race Thursday. The Red Wing right winger scored two goals in Detroit's 3-2 victory over Toronto.

Howe, who has scored 17 goals with Montreal's Jean Beliveau for the runner-up spot.

Scoring leaders:

	G	A	Pts
Bathgate, New York	15	15	30
Howe, Detroit	12	11	23

LOCAL GUIDES EARN COVETED AWARD

Provincial deputy commissioner Mrs. C. W. Husband bestowed the highest award a Girl Guide can earn, the Gold Cord, on members of the 1st Kelowna Guide Company (left) Sharon Burnett and Joan Gourlay, in a ceremony held during a huge Girl Guide rally at the Junior High School here this week.

Awards For Merit And Service Presented At Big Guide Rally

A rally was held at the Kelowna Junior High School Wednesday evening by seven companies of the Kelowna and District Nos. 1 and 2 Guide companies. Honored were Sharon Burnett and Joan Gourlay of the 1st Kelowna Sea Guides, as she had been their commissioner at the time they were working for the award. Mrs. Marsh was then completely surprised when Mrs. Osborne presented her with a silver tray from the North Okanagan Division for all her Guiding work in Kelowna and district from 1954 to 1958. Mrs. Drake then presented Mrs. Marsh with a gift of Guide tea spoons from the Local Association of Kelowna and all her work on their behalf. All Guides then joined in games, which were followed by the film "Guides All Guides", taken of the International Camp at Doe Lake, Ont. in 1957. After a session of campfire singing led by Mrs. George Mills, captain of Okanagan Mission Company, two skits were put on by East Kelowna and 1st Kelowna Companies. Singing of taps closed the evening.

It is of interest that the Gold Cord award, always requiring a very high standard of proficiency in all branches of Guide work, and with special emphasis on service to the community, as well as to the community, had an additional challenge added in April 1957. After passing all the required tests in her own District, the Guide must go to another division and meet emergency conditions set up by the Commissioner and her committee in that Division. Sharon and Joan went to the West Kootenay Division for this test, being the first Guides from Kelowna to take this new added test, and the district is very proud of the good report received on the way they met the challenge and passed this new test.

ALICE WINSBY, Women's Editor

YWCA Program Boon To Mothers

By CAROLYN WILLETT
Canadian Press Staff Writer

OTTAWA (CP) — New ideas, new friends, no need to worry about the children. Sound like a housewife's Utopia? Well, that's the way 30 young married women taking part in the Young Women's Christian Association Ladies' Day Out program describe their Thursday get-togethers.

Mrs. Grace Foley, part-time YWCA worker and mother of two school-age daughters who is the program's director, said she feels the five-hour "day out" is a tonic for mothers with small children. The YWCA offers two 10-week programs every fall and winter, and each program is filled to capacity.

HUSBANDS APPROVE

"Husbands like it, too," said Mrs. Foley, with an ear tuned to two simultaneous discussion groups huddled over ping-pong tables in a room of the downtown Ottawa YWCA residence. "Husbands say Ladies' Day Out gives their wives something else to talk about... makes them more interesting to live with."

The program almost plans itself. Housewives make their suggestions for activities when they register. The program includes physical exercises, mental "gymnastics" through lectures and discussions and learning to do things such as handicrafts.

The children come too, but mother doesn't have to worry. At 10:30 in the morning she deposits her toddlers and their nannies in the YWCA auditorium-nursery with Mrs. Peggy Macleod, a capable grandmother who supervises three baby sitters and 27 children from eight months to five years old. There is no initial charge for this service on top of the \$7.50 nursery fee.

Part of the program is a previous lunch for housewives, who made the furniture themselves. Each "day out" begins with a keep-fit hour — housewives must pass medical examinations first — and a half-hour swim for those who want it.

Lunch usually brings a guest speaker. This year's guests have covered such topics as how to keep a child occupied on rainy days, the menopause, citizenship.

CHARMING CHAPEAU

By TRACY ADRIAN
Parma violets and matching taffeta ribbon bows cluster on top of the head, ending in a pretty swirl down the back. This hint of a hat is a femi-

nine floral offering that will grace any dinner dress or complement a cocktail or afternoon costume. Designed by Tatiana, it is posed over the soft tendrils of a Directorate coiffure.

Victoria Artists Will Show Work In Local Library

Sponsored by the Kelowna Art Exhibit Society, paintings by Mr. and Mrs. Owen Goward of Victoria will be shown in the board room of the Okanagan Regional Library from Dec. 1 to 15. Mr. Goward's pictures are chiefly landscapes in water color, while Mrs. Goward specializes in pastel portraits.

ANCIENT PLANT
Hops were a garden plant of the ancient Romans, who ate the young shoots as asparagus is eaten today.

SPOTS COUNT
The white miniver cape of a British duke has four rows of black ermine spots, compared to 3½ for a marquis.

Borgnine And "Bride" Embarrassed By Gifts

HOLLYWOOD (AP) — Ernest Borgnine and Katy Jurado have a roomful of wedding presents they would like to send back because of a technical reason. They are not married.

"I don't know how the rumor got started, although I have an idea," says Ernest, "but what do you do with presents from fans when there is no return address?" The screen's Marty and the Mexican actress are a romance, they both admit, but there will be no marriage for a year, when Borgnine's divorce is final. Borgnine and his wife separated last spring. Soon after, by coincidence, he was cast in a picture where he got his first chance to make torrid love on the screen. On the other end of the reel love-making was Miss Jurado. The two had never met before. Miss Jurado has made screen love to some of the handsomest Romeos in the business.

United Church At Oyama Scene Of Rites

OYAMA — Carol and Oyama share interest in the recent wedding of Audrey Mildred, third daughter of Mr. and Mrs. Peter Murie of Oyama, and Francis Robert Ferroux, only son of Mr. and Mrs. Leon Ferroux of Carmel, Ontario. United Church was decorated with vases of chrysanthemums when Rev. J. A. B. Adams performed the double wedding ceremony. The bride was given in marriage by her father, and wore a beige suit with feather hat and gloves. Her other accessories were brown, and gardenias and lily of the valley formed the bride's corsage.

Attending her sister, was Mrs. J. Tedesco of Beaverdell. Her charcoal suit was accessorized with pink and her corsage was of red roses. Mr. Jack Mertz of Penticton was best man. Mrs. Ferroux chose a gown of navy blue with white accessories for her son's wedding, and wore a red carnation corsage. The bride's mother was unable to be present owing to illness. A reception was held in the Oyama Community Hall for 15 guests, where a cold plate turkey supper was served. Guests traveled from Carmel, Beaverdell, Kamloops, Vernon, Kelowna and Penticton for the occasion. Mr. Walter Wills of Vernon was toastmaster, and servants were the Misses Barbara Thomson, Peggy Potocary, Connie Pusso, Mary Dugate and Linda Tedesco. Master of ceremonies was Mr. W. Streger of Beaverdell, who proposed a toast to the groom's parents who were celebrating their 31st wedding anniversary. For the honeymoon journey, the bride completed her wedding ensemble with a muskrat coat.

POPULAR HAVEN

PRESTON, Ont. (CP) — An alderman's suggestion to build a snow fence to close this town's last "lover's lane" was lost, after the deputy reeve said a fence had been placed across the road one day at 11 a. m., and by 4 p. m. cars were driving right over it.

Holly And Boughs Add Color To Winfield Bazaar

WINFIELD — Sprigs of holly centring each tea table, bouquets of winter greenery hung on the walls and a gaily decorated Christmas tree all helped set a festive air for the annual Christmas bazaar held on Wednesday afternoon in St. Margaret's Parish Hall by the three branches of St. Margaret's Guild, Mrs. R. Cheeseman and Mrs. W. Powley did a roaring trade at the home cooking stall, where there was a good variety of Christmas puddings, bread, rolls, pies and cakes.

The needlework stall was laden with many articles for Christmas giving. There was a good assortment of aprons, embroidered pillow cases, children's clothes, tea cosies and many other items. This stall was in the capable hands of Mrs. E. Crowder and Mrs. B. Baker.

Mystery parcels and holly were attractions at the stall over which Mrs. J. Chisholm presided. The children's popular person was Mrs. R. Stubbs, who was in charge of the Christmas tree.

The new Junior Auxiliary under the leadership of Mrs. C. S. Lutener are girls between the ages of seven and 12. They sold candy which was prepared at their meetings and did a good trade.

The Winfield Guilds were in charge of preparing the hall and serving the tea, and the Okanagan Centre Guild was in charge of the kitchen.

The bazaar was well attended and the sum of \$135.50 was raised.

Congratulations go out to Mr. and Mrs. Gordon Edginton, they are grandparents again, Kelvin Harold are the names given to the new baby son of Sgt. and Mrs. Hector Edginton, he is a brother for Steven and Debbie. Sgt. Edginton is with the PPCLI and is at present stationed in Victoria.

Mr. W. Dietrich has sold his house on Leathhead Road to Mr. and Mrs. J. Phelps of Kelowna.

REV. STANLEY HILL

Former Criminal Coming To Address Youth Rally

Rev. Stanley Hill, a self-confessed former holdup man will be the featured speaker at the crime prevention rally to be held at the Grace Baptist church Friday, Dec. 5, at 8 p.m.

The rally is being held under the auspices of the Youth for Christ movement in Kelowna.

Mr. Hill was converted on Oct. 1, 1950, at the age of 24. This was 45 days before entering prison after a bullet through the neck brought him face to face with the seriousness of life, and left him confined to a wheel chair.

The story of his conversion from a life of crime to a life dedicated to God and the preaching of the gospel reads like a story from the Book of Acts.

Hill spent four and a half years behind prison bars; 15 months in juvenile detention homes, six months in the Los Angeles county jail, ten and a half months in Preston School of Industry, a state reform school, and finally 15 months and one week in San Quentin Prison.

"I would rather be in this wheel chair on my way to heaven," observed Hill, "than to be on my feet and on the way to hell."

While serving time in San Quentin, he studied a correspondence bible course from Bible school, and completed the three-year course in seven months and 15 days.

He received the paralyzing wound during a holdup of a Beverly Hills, California, liquor store while using a toy pistol. When it was discovered that the pistol was a toy, the manager shot him. He was later tried and sentenced to San Quentin Prison for this holdup.

Hill has appeared in over 1,000 churches, over 400 high schools and colleges in California, and has been sponsored by Rotary and Kiwanis clubs, by chiefs of police and high school principals.

Bishop Beattie Speaks On Youth, Communism

Highlights of the Lambeth Conference, held in England last summer, were given by Right Rev. Paul R. Beattie, Bishop of the Anglican Diocese of Kootenay, when he addressed an audience in the Anglican Parish Hall this week. His address, illustrated with colorful slides, was sponsored by the Anglican Young People's branch, St. Michael and All Angels' Church.

"Questions put to me by young people whenever I addressed a public meeting, were invariably more intelligent than those raised by people of more adult years," the Bishop said.

Strong emphasis was placed by Bishop Beattie on the apparent trend in discussions at the conference towards "one church."

In this regard, he referred to the multiple divisions within the church, that the need for an example of unity was very grave in these times.

"With populations fantastically on the increase in countries predominantly non-Christian, it will not be extreme to envisage double the population in these areas 20 years hence. This creates a real challenge for today's Christian," said the Bishop.

"He, the Christian, must by his example and witness, christianize human society: if he does not, he may face a world overwhelmed by dedicated communism," he added.

"Today's young people will be the parents of another generation, 20 years from now, and dedicated Christian churchmanship today will make the difference tomorrow between an inspiring Christian example or servility under a non-Christian oppression."

AFTER BOY DIES

Doctors, Politicians Discuss Transfusions

By THE CANADIAN PRESS

A question with strong emotional overtones is stirring lively controversy in Canada.

Should blood transfusions be administered to a child who might otherwise die but whose parents believe such treatment is forbidden by the Bible?

The problem usually involves members of the Jehovah's Witnesses.

It was spotlighted two weeks ago by the death in St. Boniface, Man., of 14-year-old Donald Holland whose parents refused to permit a transfusion. The controversy was revived this week when a Hamilton lawyer, Gordon Sullivan, told doctors that at least seven children there had been given transfusions over the objections of parents.

Only two provinces—Manitoba, British Columbia and Ontario—have cases of this kind which have come to public notice.

Generally laws applying to the problem are not clearly defined. One reason is that the degree of danger to a child said to be in need of blood remains a matter of opinion. Doctors have not always been correct in saying a child would die if not given a transfusion.

Another factor is reluctance of governments to introduce legislation that runs contrary to minority religious belief.

Section 165 of the Criminal Code, which forms the basis for Quebec's approach to the question, says a parent is liable to imprisonment for up to two years if, without lawful excuse, he fails to provide the necessities of life for a child under 16.

Most provinces depend on child welfare laws that permit authorities to seek a court order to make an endangered child a ward of a welfare agency. Such action may take time. H. W. White, Saskatchewan's deputy minister of welfare, describes the legal machinery as "a fairly slow-moving thing," likely to take as long as a week.

In Manitoba the government went to court in an attempt to have Donald Holland placed in the custody of welfare officials. The hearing was adjourned until the next day. Meantime the boy died after losing considerable blood as a result of an accidental wound in the leg.

Several provinces, notably Manitoba and New Brunswick, are reported giving renewed consideration to the problem.

Japanese Critic Sympathetic To U.S. Integrators

TOKYO (AP)—A caustic Japanese critic of the United States has expressed sympathy for the country's efforts to solve its Negro problem.

Ashihari Hino, Japanese novelist just returned from a two-month trip to the United States, said he saw improvement in the status of Negroes in many places, including Little Rock.

In an article in the newspaper Tokyo Shimbun, Hino said the Negro "if he demands outright equality, without improving his own record for crime, ignorance and uncleanness, is bound to fail."

Hino has charged in previous writings that the United States mistreated "our brothers and sisters in Okinawa."

"I visited Little Rock, Ark., with a preconception mixed with dread," he writes. "I had thought it was a place of bigotry where poor Negroes were ruthlessly persecuted by whites."

"I found out quickly my preconception was completely wrong. It was a quiet, beautiful city... whites and colored people were living together in harmony."

"Facilities for the Negroes were as good as those in New York, Boston and Chicago I had seen earlier."

"Now I know it is wrong to consider the Little Rock school incident as a peak of the Negro problem. It is indeed far more complex and deep-rooted."

On his way to Little Rock, Hino used a "colored rest room" for the first time in Memphis, Tenn. "It was narrow but clean, and its equipment was the same as in white rest rooms," he reported. "That was a typical example of the spirit of the 'separate but equal' policy in the South."

Chaplain (RC) Louis A. Dougan, of Charlottetown, arrives via helicopter to say mass on board HMCS St. Laurent. (National Defence Photo.)

Only One School In Quebec Takes Federal Grant

OTTAWA (CP)—The Presbyterian College in Montreal accepted a federal university grant cheque for \$4,437 last January, the National Council for Canadian Universities said here.

It was the only Quebec university or college to do so. All others returned the cheques mailed by the NCCU which is administering the federal grants.

The NCCU said it did not know why the Presbyterian College retained the grant. A spokesman presumed that the college did not get Quebec provincial grants and thus had "nothing to lose" by taking the federal payment.

Valley Baptists Sponsor Speaker

Baptist churches of Vernon, Kelowna, Summerland, Peachland and Kaledon are combining with the First Baptist Church, Penticton, to sponsor Rev. Ivor Powell, famed Baptist evangelist on a two week mission at Penticton. The mission will commence Nov. 30, in the Penticton First Baptist Church.

Mr. Powell is originally from Wales and has engaged in evangelistic work in South Africa, Australia, New Zealand and Southern Rhodesia, as well as in Eastern Canada and the prairie provinces.

Mr. Powell has come to Canada under the auspices of the Baptist Federation of Canada.

He is considered by many to be the best known evangelical missionary in the British Commonwealth, and has been the official evangelist for the Baptist church on three continents.

Ordained by the Baptist Union of Wales in October 1934, Mr. Powell held a pastorate for eight years before resigning to engage in evangelism.

Mr. Powell is also an author of note, having written ten books on theology and world travel.

As a sportsman he has played both English rugby and association football and has captained a cricket club.

While in Africa, Mr. Powell has filmed wild animal movies and his close range photography has earned him an enviable reputation.

Obesity Reduces Suicide Tendency Medico States

WELLINGTON, New Zealand (Reuters)—The only good thing about being too fat is that it reduces the tendency to commit suicide, says Dr. E. G. Savers, dean of the Otago University Medical School.

In a recent speech on overweight he said:

1. Obese people have a 50-per cent higher chance of dying at any given time than those of normal weight. A man built to carry 140 pounds but tipping 180 pounds on the scales can expect to lose five years of life.
2. Obesity increases by 75 per cent the chance of heart disease.
3. It lessens by a 62-per cent greater chance of getting arterial diseases.
4. Overweight increases the risk of diabetes by 372 per cent.

And at best, Dr. Savers concluded, "overweight increases body work even when you are at rest."

Dependability

LONG before gasoline streaked the limpid waters of the Adriatic, the Venetian depended on the gondola to take him where he wanted to go. In service, the gondola proved its dependability.

In service, faithful and thoughtful, we have proven our dependability. Our constant desire is to perform our duties in a helpful and attentive manner.

Moonlight Mask Jap Video's Challenge To U.S. Superman

TOKYO (AP)—Japanese television has come up with a challenge to Superman.

They call him The Moonlight Mask.

He races around on a motor-cycle chasing gangsters and all other things evil.

Since his debut last February, The Moonlight Mask has captured the imagination of millions of Japanese boys and girls. The weekly 30-minute TV film is one of the most popular shows today.

Department stores and toy shops sell Moonlight Mask outfits—white ankle-length tights, white tight-fitting shirt, white cape, white turban, dark glasses, black belt and pistol.

Puzzles, balloons and playing cards are also made in his image.

In the current series, the masked hero's wits are matched against a revolutionary named X who seeks to assassinate government leaders one by one with the aid of a specially trained gorilla called Mammoth Kong.

The identity of the actor playing The Moonlight Mask is kept secret.

Adventists Open Welfare Centre For Peach City

Special services at the Seventh-day Adventist Church in Penticton Sunday afternoon marked the opening of the new Community Welfare Centre building which has just been completed on the church property, corner of Fairview Road and Douglas Ave.

Cutting the ribbon in the official opening ceremony, was Pastor John Knatynshyn of Oshawa, Ont., director of the church's welfare services for Canada.

Also taking part in the ceremony were, Mrs. A. Shipton, vice-president of the Penticton city welfare department, Penticton pastor, R. A. Hubley, gave the history of the Adventist welfare work in the city of Penticton.

Other visitors were Desmond Tinkler, director of Adventist welfare services for the province and pastor Walter Rogers of Oliver, Kelowna, Winfield, Vernon, Armstrong, Salmon Arm and Revelstoke.

CHURCH ROUNDS

Rev. Lloyd Cross, home on furlough from Trinidad, will speak at the People's Mission on Sunday evening at 7:15.

Mr. Cross is the superintendent of the West Indies Mission in the Trinidad field. He will be showing films of the West Indies during the service.

Pastor Bourke speaks at the morning service at 11 a.m. and Sunday school will be held at 9:45.

Matters of church extension formed the agenda at the recent meeting of the Presbytery of Kamloops-Okanagan held at Vernon.

Rev. Luther Schuetze, of Kereones presided, and representatives were present from Kamloops and Revelstoke and as far south as Oliver.

Messrs. J. A. B. Adams of Rutland and Peter Brodie and D. M. Perley from Kelowna attended.

Grants-in-aid were recommended for projects at Chase, Okanagan Falls, Penticton, and at Ashcroft for manse improvement. Progress is reported from Golden, where a new church is being erected.

Douglas Glover, choirmaster at St. David's Presbyterian church reports the choir, organized in September, is living up to his full expectations. The congregation, too, is very pleased with the group. Mr. Glover is still in need of a good tenor or two and one bass and one contralto.

REAL BARGAIN

HENDON, Eng. (CP)—Cleaning the old car he had just bought for ninepence, David Lalor found 7½ pence scattered inside the auto.

Soot-Grained Sweeps Disappear In Denmark

By JOHN CHADWICK COPENHAGEN (Reuters)—Denmark is in danger of losing one of its most picturesque sights—the top-hatted chimney sweeps. The soot-grained sweeps are not seen leading the rooftops very often these days.

Denmark's thousands of chimneys are kept clean and in good repair by about 500 skilled sweeps, who may be among the last survivors of this centuries-old craft.

As the old buildings disappear, and chimneys become fewer, the sweeps have dwindled and it becomes more and more difficult to get a chimney swept. Records of the sweeps' own guild, an association of employers set up in 1778, show that there are today fewer than 200 master sweeps, about 300 journey men and some 80 apprentices.

There is still a fair amount of work for them, although Denmark prides itself on being one of the most modern countries when it comes to heating houses and apartment buildings.

Danes have to import their coal, mainly from Britain, and this comparatively costly fuel is therefore never used in the home. What coal is imported is used by the gasworks from which housewives buy coke with which to stoke the stoves of their central heating plants.

There are also district-heating plants in Copenhagen, among the largest in Western Europe. These heat some districts by steam, others by hot water. The heat is produced at three electric power stations and represents a great saving in fuel costs.

From these central plants, heat is supplied to hospitals, schools

Best Way To Keep Baby Warm In Cold Weather

By Herman N. Bundesen, M.D.

With winter and colder weather fast approaching, I'd like to pass on a few timely tips to those of you with new babies in your homes.

You don't want the infant kicking off the covers and you don't want to pin the covers firmly to the bed. So you may want to buy or make a sleeping garment that will keep your baby warm.

A baby sleeping bag is a relatively inexpensive item and certainly is well worth the cost. Generally, such a garment is all the outer covering a baby will need.

You can make one by using a partly worn blanket, if you wish. It should be cut so that it resembles a very long and loose-sleeved kimono.

The bottom, of course, should be sewed with a zipper or snaps fastening the front. It should be large enough to permit the baby to stand when he is old enough and to move about freely.

Whether you buy or make such a garment, be sure that it doesn't bind at the throat when the baby turns and twists.

Putting a sweater over the baby's nightgown and placing an extra pair of warm sleeper pants containing feet over the lower portion of his body also will help keep him warm without blankets.

Generally, however, most babies are kept too warm rather than too cold.

If your baby is old enough to sit up and go outside your prob-

ably will have use for a woolen playsuit or coverall. Since clothes are warmer if they are loose enough to leave an air space around the body, make sure that these items are plenty large.

CANNOT KEEP WARM

At this age, remember, your tot won't be active enough to do anything to keep himself warm.

Large armholes are necessary in such garments so that the baby's arms can be placed into them easily, even when he is wearing a sweater.

Since knitted clothing usually is easier to wash than woven woolen items, you may prefer a knitted outdoor suit for your tot.

But knitted garments generally are not as warm as woolen clothing and they don't keep out the wind as effectively.

However, when you use a knitted garment under a cotton moisture-resistant windbreaker you have an effective combination.

I suggest a warm woolen hood or cap to cover the head and ears when you take baby outside in cold weather.

QUESTION AND ANSWER

A. S.: Please give me some information on pigeon pox. I am anxious to know about this rare disease.

Answer: Pigeon pox, also called hen pox, occurs in chickens, pigeons, turkeys and other fowls. Yellow nodules appear chiefly about the head.

As far as is known, this condition is not associated with any disease in man.

BRITE BITS

PHILADELPHIA (AP)—

Delicatessen owner Albert C.

Williams, 50, is a western

fun.

After a hard week with the

bagels and bologna, he likes

to practice the fast draw in

the open spaces.

Sunday he packed his shoot-

ing iron and took off.

But he was quicker on the

trigger than he was on the

draw and the result was a

slug in the shoe.

Now he's a genuine tender-

foot.

HOUSTON, Tex. (AP)—No-

body has figured out the odds

against it but Mr. and Mrs.

Charles M. LeBlanc have the

birthday party problem for

their five daughters pretty

well whipped:

They wrap up four parties

in one big one every Nov. 21

and the other on May 3.

Jarloth, daughter No. 5, ar-

rived last Friday, Nov. 21.

First there was Andrea,

born Nov. 21, 1951. Then

came Lynette on Nov. 21,

1955.

"It just seemed to happen

that way," LeBlanc said.

The fourth daughter? Oh,

that's Donna. "She's an odd

one that came on May 3,

1957," Mrs. LeBlanc, 50, said.

YOUR HOROSCOPE

By ESTRELLITA

FOR TOMORROW

Determination and enthusiasm can help you to accomplish a great deal now, both in the completion of long-pending affairs and the planning of new enterprises—especially in matters connected with your home, in property deals and all issues relating to family security.

FOR THE BIRTHDAY

If tomorrow is your birthday, you should be most optimistic now. Your horoscope indicates that, if put into effect within the next week or so, new ideas in connection with your job should culminate successfully and bring recognition and increased prestige early in 1959. In December, two fine configurations—first a Saturn-Venus and then a Saturn-Sun—should bring about excellent employment situations as well as most encouraging financial conditions. This will be a period in which to consolidate all assets, make plans for expansion and be ready for fine opportunities to further interests in the beginning of the new year.

Avoid extravagance in March and April, however, and look for unusual and interesting adventures where social and romantic matters are concerned, between June and September. Travel will also be favored during this period.

A child born on this day will be determined and ambitious, but may be most undiplomatic at times. This tendency should be corrected.

BUSY SHIPYARDS

Norwegian shipyards had a record volume of 334,800 gross tons under construction in September, 1958.

BELL'S of course!

Bell's—the finest of rare old Scotch Whiskies. It's time you tried it!

BELL'S OLD SCOTCH WHISKY

Merchants Plan Action To Curtail Shoplifting

Kelowna merchants plan taking steps to eliminate the perennial problem of stealing from retail stores.

At a recent meeting of the Retail Merchants Association the problem was fully discussed by more than 20 local store owners. Nearly every merchant reported at least one instance of pilfering.

While the practice is commonly known as shoplifting, it is in fact theft, and would usually come under the heading of theft under \$50. This offence is punishable by a maximum of two years in prison under the criminal code of Canada.

The merchants are considering hiring special "spotters" to help eliminate the problem. This is a practice used with some success by larger stores in other cities.

The organization has also decided to attempt to prosecute offenders more often than has been the case. (While this strategy has been prevalent for many years in Kelowna, Magistrate

Donald White reports not a single case of this nature brought before him in the nearly two years he has been on the bench.)

SMALL ITEMS

"The situation is getting out of hand," said the manageress of a local ladies' wear shop.

She said the culprits are not all teenagers, as many people imagine. "They are all ages and types," she said.

The women's shops as a rule lose small items such as cosmetics and easily hidden articles of clothing, she reported.

Store proprietors have known for a long time that it is not only young people who do the stealing, nor is it only those people from poorer circumstances. This brings to mind a case in this city some time ago when two young girls, both daughters of very well-known citizens of Kelowna were caught pilfering some item worth less than \$1.

The merchants are also considering "blacklisting" those persons caught in the act. They feel this would serve to embarrass them and perhaps embarrass them would appeal to them even less than a fine or jail sentence.

Perhaps the hardest-hit of all stores are the supermarkets.

As one chain store manager told The Daily Courier, "These people seem to think we owe them something."

YULE NEARER

"The situation seems to be getting worse the past six months," he added.

The number of thefts always increases near the Christmas season, as most of the stores are a good deal busier at that time.

This year, however, merchants and police alike are making a concentrated effort to halt this common crime.

BIG ADDITION

NEW GLASGOW, N.S. (CP)—A nurses' residence with 163 beds will open next June at the Aberdeen hospital here.

Pakistan Metropolis In Peril Of Becoming Ocean Of Mud

LAHORE, Pakistan (AP)—Already is to line the irrigation canals.

The government says this is impractical. With food production far below the country's needs, the government claims it could neither spare the land from production nor raise the money necessary to shut off the water and begin all over again on the canal beds.

Driveways crack and patios buckle away from houses after monsoon rains. House foundations sink. The threat to Lahore, and to other communities in the Indian basin of India and Pakistan, is from a rising water table.

Two decades ago, well diggers had to bore 50 feet before striking water here. Now water is reached at seven to 15 feet. There are fears that unless something is done, Lahore may stand in a shallow pond within a few years.

HOUSES COLLAPSE

The water threat is not a new one. As long ago as 1933, says a survey by Karachi University, 10 villages had to be abandoned because of house collapses. In 1935 the number rose to 200.

The villains in this slow moving drama are the men who planned irrigation canals which bring water to more than 9,500,000 acres in the Punjab area. None of the canals was lined, and as a result they lost perhaps more water than they bring to crops. The underground water level rises, eventually to make the earth's surface itself a pond of mud or water. Salts from the earth rise along with the water table, forming an arid crust when they reach the surface.

BETTER DRAINAGE

A salinity test two years ago showed 14 per cent of the irrigated area had become completely unproductive.

Officials predict that both Lahore and the farmlands will be saved through better drainage. Doubtless say the only real remedy

SEASON CLOSED

CHICOUTIMI, Que. (CP)—The Port of Chicoutimi closed its 1953 navigation season Wednesday when a tanker sailed for Quebec City and Montreal. This Saguenay River port also closed Nov. 26 last year. The 1953 season saw 192 vessels, including 11 from foreign countries, call here.

BULGARIAN PRESIDENT DIES

LONDON (Reuters)—Bulgarian President Maj.-Gen. Georgi Damyanov died Thursday, the official Soviet news agency Tass reported from Sofia.

POLICE GET RAISE

TORONTO (CP)—Metropolitan Toronto's four deputy police chiefs had their salaries raised \$1,000 by the police commission Thursday. The increases, retroactive to Jan. 1, bring the salaries to \$10,500 a year. The board also began considering the brief of the Metropolitan Toronto Police Association asking for a 10-per-cent pay raise and improved working conditions. Present basic pay of a first class constable is \$4,600.

GREY CUP

(Continued From Page 1)

It seems the game itself is the main attraction for the people of Vancouver this time.

There were plenty of estimates that the crowd will reach 35,000 or more. There are 34,191 seats in Empire Stadium, where the game will get under way Saturday at 1:30 p.m. PST (2:30 p.m. MST). A Grey Cup crowd record was set there in 1955 when every seat was taken and standees sent the total attendance to 39,417.

TEAMS READY

The teams were ready for their final drills, working out on fields 15 miles apart. Both coach Jim Trimble of the Ti-Cats and coach Bud Grant of the Bombers were confident.

Trimble saw no reason why his team can't repeat the 1957 win over the Bombers. Grant said his boys, free of injuries this year, are itching for another crack at the Eastern champions.

Out of a huddle of football moguls Thursday came a definite decision that makes an interlocking schedule for 1959 out of the question. The question, with Western support general and come from the East, has been debated before. Heaviest opposition, particularly in the East, has come from Montreal Alouettes and Ottawa Rough Riders.

DISCUSS AGAIN LATER

The question may come up again in January at the annual meeting of the Canadian Football League — joint body of the Big Four League and the Western Interprovincial Football Union.

By then, however, it will be too late to make any arrangements for a 1959 interlocking schedule even if the club managements finally agree. The gathering essentially was a CFL more or less semi-official meeting but it was held on basis.

Representatives of the clubs also decided informally to do something about those who sponsor television and radio broadcast of Big Four and WIFU games. It was felt these sponsors should be given the first opportunity in sponsoring the Grey Cup game if they wish.

The new Impala 4-Door Sport Sedan... like all new Chevrolets... rolls on tougher Tyrex cord tires

CHEVROLET SAYS NEW LIKE NOBODY ELSE!

Let your eyes linger over Chevrolet's fresh, finely shaped contours. Relax in the roominess of its elegant new interior, get the exhilarating feel of its hushed, silken ride. The more familiar you become with this '59 Chevrolet, the more ways it says new!

Here's the car that's definitely new in a decidedly different way. The '59 Chevy is shaped to the modern Canadian taste — crisp, clean and beautifully efficient looking, with new poise, new proportions.

Chevrolet's new Slimline design not only brings you new grace, but also new space... a new and roomier body by Fisher. And Chevy's vast new areas of visibility, give you clear seeing from every seat.

The more you look, the more you see that's new. Like the new Magic-Mirror finish which, with normal washing alone, will retain its original lustre for up to three years. And you'll find important engineering developments—eight V8's plus a new Hi-Thrift 6 that delivers up to 10% more gas economy with more usable horsepower at normal driving speeds; bigger, safer stopping brakes; a smoother, steadier ride.

No other car says new like this. And you get all those Chevrolet virtues of economy and dependability. See the '59 Chevrolet today.

What Canada wants, Canada gets in a Chevy!

The beautiful Bel Air 4-Door Sedan with vast new areas of visibility.

The budget priced 4-Door Biscayne like all new Chevrolets, has big new Safety-Master brakes.

The luxurious 9-passenger Kingswood Station Wagon with a new retractable rear window.

The captivating Impala convertible—liveliest-looking new Chevy of all.
